Job Description

The Department of Communicative Disorders and Sciences in the College of Arts and Sciences at the University at Buffalo is seeking a Postdoctoral Associate. The successful candidate will work closely with Principal Investigator Dr. Kris Tjaden on an NIH-funded project investigating speech outcomes for individuals with neurologic diseases associated with dysarthria. Responsibilities will include, and are not limited to:

- Engage in collecting speech audio recordings for individuals with Parkinson's disease and other neurologic diseases associated with dysarthria.
- Engage in research examining the perceptual consequences of dysarthria.
- Perform acoustic analyses of audio recordings.
- Train students and other researchers in acoustic and perceptual methodologies.
- Participate in dissemination of results in the form of conference activities and manuscript
