College of Computing and Information Technology, the College of Engineering and Technology, the College of Health Sciences, and the College of General Education, in addition to specialized training centers for individuals and companies. UDST is recognized for its student-centered learning and state-of-the-art facilities. Its world-renowned faculty and researchers work on developing the students' skills and help raise well-equipped graduates who proudly serve different sectors of the economy and contribute to achieving human, social, and economic development goals nationally and internationally.

With more than 700 staff and over 8,000 students, UDST is the destination of choice for applied and experiential learning. The University is recognized for its student-centered learning and state-of-the-art facilities. Our faculty are committed to delivering pedagogically-sound learning experiences that incorporate innovative learning technologies. Our aim is to enhance students' skills and help develop talented graduates who can effectively contribute to a knowledge-based economy and make Qatar's National Vision 2030 a reality.

The College of General Education provides a range of core courses common to all students of the University, in subject areas that support the academic structure of the undergraduate programs. The General Education Curriculum is designed around courses in mathematics, natural sciences, research methods, English communication, social sciences, humanities and the arts, aimed at developing students' understanding of fundamental scientific concepts and their applications.

The College of General Education invites applications for the position of Assistant or Associate Professor of Applied Linguistics, with a focus on Research Writing. Candidates must be qualified to teach in both English and Arabic.

Benefits

Our eligible employees enjoy competitive compensation and benefits, in accordance to applicable UDST policies. These benefits include:

- Generous academic annual leave
- Tax free salary
- Fully furnished upmarket accommodation {inclusive of utilities: water & electricity}
- Annual flights for spouse and 3 children {up to 18 years old}
- Children's education allowance

Reporting to the Department Head of English Communication and Humanities, the Assistant/Associate Professor should be an experienced educator with creative and innovative teaching skills, capable of effectively planning, developing, and delivering courses. We seek exceptional individuals to teach upper-level Research and Academic Report Writing in English and Arabic, as part of UDST's General Education Curriculum. The role involves developing students' skills in communicating STEM research and professional presentations. The successful candidate will also contribute to curriculum development, student mentorship, and departmental initiatives. Candidates must have demonstrated a record of academic publications and/or applied research showcasing expertise in this field. They should also actively engage in scholarly activities that complement their teaching and contribute to the academic community.

Qualifications

Education and Experience Requirements

Faculty members will be placed in the appropriate rank based on their education and experience. The broad criteria are noted below.

Qualifications

- Ph.D. in Applied Linguistics

Experience Requirements

- A minimum of 3 (three) years of full-time teaching experience in higher education.
- Proficiency in teaching in both English and Arabic.

Scholarship and Research Requirements

- Contribution to the advancement of knowledge through applied research, scholarship, publications, knowledge transfer or professional practice which would be expected to be international in its scope.
- Demonstrate potential for leadership in research and scholarly activities and recognition among peers.

- Preference will be given to candidates with a research focus on Report writing, Technical STEM writing or English for Academic Purposes (EAP) in STEM-related subjects.
- Preference will be given to candidates with demonstrated contribution to curriculum development and to teaching and learning.

Other Desired Skills

- Skill in course development, implementation, and evaluation, with experience in diverse teaching methods such as laboratory, simulation, and practicum-based learning.
- Ability to apply experiential and applied learning techniques, integrating educational technology to develop interactive, technology-enhanced learning environments.
- Proficiency in designing, delivering, and assessing authentic learning experiences using contemporary tools, with strong academic and information literacy.
- Commitment to continuous professional development, fostering self-improvement and lifelong learning within the teaching profession.
- Strong oral and written communication skills in both English and Arabic, with the ability to collaborate effectively and build relationships with students, colleagues, and community partners.
- Leadership and innovation skills in technology-based educational projects.
