We seek a scholarly research and teaching expertise on the intersection between journalism and new technologies, such as but not limited to: automation in journalism, audience analytics and social media, big data, and emerging narrative formats such as virtual reality.

The successful candidate will have strong professional experience producing content across various news platforms in a multimedia environment. He or she must have demonstrable aptitude in teaching, preferably with several years of successful teaching experience. Responsibilities will include developing of course content, designing course syllabus, teaching undergraduate courses, supervising Final Year Projects, building connections with the local professional community, and overseeing student internships.

Application Procedure

Please submit the following documents to us:

- Cover letter
- Curriculum Vitae including a full publication list
- Research and Teaching statements
- Effectiveness of teaching (if any)
- Selected publications (if any)

The closing date for applications is **26 September 2025**. All applications and materials submitted will be held in strict confidence.

For enquiries, please address to:

The Search Committee

Email: faculty-recruit@ntu.edu.sg

Review of the applications will begin on **29 September 2025** and continue until the position is filled. The
